THEATRICAL OFFERINGS

'GREAT STUFF' ON VAUDEVILLE NIGHT

Manager John Henry Magoon of the Consolidated Amusement Company has arranged another big amateur vaudeville bill for the Bijou theater for next Friday night. Nothing is wanted for these enjoyable evenings excepting acts that will "get over" big with the audience, and the audience at the Bijou for the amateur night performance is a most critical one. Artists—it should be spelled in capitals—are given ovations, while "hams" are handed the "hook." It is seldom necessary to take the latter action, but when it does become necessary there is a big laugh anyway.

MELBA GIVES SINGING LESSONS

An interesting account is given in a recent number of the Sidney and Melbourne Theater Magazine of a lesson in singing given by Madame Melba to a number of students in the East Melbourne Conservatorium. Madame Melba began her lesson with a physiological discussion on the throat and vocal chords urging that the first thing a student in singing should learn is the physical formation of what she sings with. Then she gave them some wise advice about hard work, saying among other things:

"Without hard, concentrated work you can do nothing, not even if you have the most beautiful voice imaginable."

LOVABLE CHARACTERS IN ROMANCE

Lovable characters and lovable situations abound in the current feature offering at the Liberty theater, "The Bachelor's Romance." John Emerson, in the role of David Holmes, the eccentric bachelor, and Lorraine Huling as Sylvia, his ward, are a pair of the most lovable personages ever placed on the screen. In addition there are a number of other personages in this delightful comedy-drama who win the hearts of all theater-goers. Aunt Clementina—David's aunt—is "regular folks," no frills or ruffles, but good.

BATTLE SCENES AT AUSTERLITZ

Realistically spectacular battles of the Napoleonic wars are interpolated in the romantic scenes that occur at an accelerated speed in "For Napoleon and France," George Kleein's absorbingly interesting photo-drama. It will be the attraction at the Popular theater this week, with matinee daily.

These pseudo conflicts are the quintessence of action. They are laid in France, Spain, Italy and Austria. The crowning engagement of the opposing forces is the battle of Austerlitz, where Napoleon paved the way for his temporary change of Europe's map. Great masses of troops are shown; also the famous charge of the veterans of France on the Austrian center.

The sanguinary realism of this wonderfully staged conflict is intensified by the depiction of the firing of cannons and shells screaming through the air and bursting among the contending forces.

It is more than a mere view of the terrible carnage of war, the emotions of the spectators being so swayed that they feel themselves in the midst of it.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optina; fill a two-ounce bottle with warm water and drop in one Optina tablet. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late. Do not become one of those victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasingly weakened condition, so better see if you can, like many others, get clear, healthy, strong magnetic eyes through the prescription here given.—Adv.

SURE WAY TO KILL RATS

Worst and Most Expensive Household Nuisance.

Millions of dollars of property are destroyed yearly by rats simply because people do not appreciate the destructive power of rats and do not know how easy it is to kill them. Simply get a two-ounce box of Stearns Electric Paste from your druggist for 25 cents and use it at night in accordance with the simple directions, and in the morning there should not be a rat in the house.

Nothing else is as effective as Stearns Electric Paste in exterminating rats, mice, cockroaches and other vermin. The government uses it in its fight against rats. Directions in 15 languages in every package.—Ad.

WATERPROOF BOOTS.

Have you seen the boots with waterproof cloth uppers? They are quite a find for the woman who must watch her expenditures closely, for it means that the expense of new boots—when the old ones are water-stained before they are worn out—and the temptation to pay cash fare to save the same boots can both be put off. These cloth-topped boots that are waterproof are quite as dainty in appearance as the more fragile sort, and they are not expensive.

The woman in mourning nowadays does not feel troubled at the coming of a rainstorm, for if she is up to date she wears waterproofed crepe.

"If any man here," snouted the temperance speaker, "can name an honest business that has been helped by the saloon, I will spend the rest of my life working for the liquor people." A man in the audience arose. "I consider my business an honest one," he said, "and it has been helped by the saloon."

"What is your business?" yelled the orator. "I, sir," responded the man, "am an undertaker."

HANDSOME LACES.

In one of the new laces the design of sprays, with trailing flowers, is embroidered first with a thin thread on a fine net foundation and then outlined with a heavier thread. Among other fashionable laces is a fine machine, with an oblong mesh, embroidered with large silver flowers. The new sequin lace has a net foundation embroidered with iridescent spangles. The patterns include printed effects made with large colored flower designs, similar to wall paper. Gold and silver metal laces with both dull and brilliant finish are very fashionable for evening hats.
